Reference number (if applicable): **OVFMP-1B.1/1(b)**

II.2) Type of procurement

Construction works Supplies Services

II.3) Short description of the subject of the contract:

The Republic of Poland has received financing from the World Bank toward the cost of the Odra Vistula Flood Management Project, and intends to apply part of the proceeds toward payments under the Contract **1B.1/1(b): Reconstruction of the road bridge in Krosno Odrzańskie with access road**. The project will be co-financed by the credit from Council of Europe Development Bank (CEB) and national budget. Bidding process will be governed by the World Bank's rules and procedures.

The procurement subject is execution of the construction works and accompanying services related to the Task titled: **Contract 1B.1/1(b) "Reconstruction of the road bridge in Krosno Odrzańskie with access road"** including reconstruction of the existing road bridge on the Odra River at km 53+067 of the national road No. 29 in Krosno Odrzańskie (km 514+100 of Odra) in order to provide the minimum clearance under the facility and enable effective proceeding with ice-breaking actions on the Odra River, and adjusting the bridge structure to the requirements resulting from the Regulation of the Ministry of Transport, Construction and Maritime Economy dated May 30th 2000 on the technical conditions that road engineering structures and their location should conform to. The minimum required clearance under the facility, above the High Navigable Water (HNW) should be 5.25 m and it must be guaranteed along the entire width of the navigable channel for Va class waterway, i.e. along the section being 50.0 m. For the designing purposes, the HNW specified by the State Water Holding Polish Waters is at 41.150 m a.s.l. level. AMSL. Moreover, the Procurement covers local reconstruction and adaptation of the road

infrastructure to the reconstructed road bridge. Considering the necessity of assuring traffic continuity along the national road No. 29 for the reconstruction period of the existing bridge structure, a temporary bridge will be built within the Contract.

The road bridge located at km 53+067 of the national road No. 29 (street: Trakt Książęcy in Krosno Odrzańskie), running from the national border with Germany, in Słubice, to Polupin near Krosno Odrzańskie (to DK 32), is the river crossing on the Odra River. The bridge administrator is the General Directorate for National Roads and Motorways (GDDKiA), branch in Zielona Góra. The road bridge planned for reconstruction under the Contract is located on the Odra Waterway administered by the State Water Holding Polish Waters - Regional Water Management Authority in Wrocław in Wrocław. The bridge is located at km 514+100 of the Odra River. The road bridge on the Odra river at km 53+067 of the national road No. 29 in Krosno Odrzańskie (street: Trakt Książęcy in Krosno Odrzańskie, km 514+100 of Odra), pursuant to the entry No. L-600/A dated 13.08.2013, is covered by the monument conservator protection of Lubuski Province Monument Conservator seated in Zielona Góra. (the implementation conditions determined in relevant administrative decisions)

The following scope of works and activities, along with obtaining the use permits, has been planned within the contract:

- constructing a temporary bridge, along with access points and obtaining road traffic approvals for temporary traffic diversion for the purpose of reconstructing the bridge existing above the Odra River,
- lifting the supporting structure of the existing bridge structure,
- upward extension of the existing supports of the bridge structure,
- extension of the national road No. 29 along the section covered by the reconstruction,
- extension of the intersection of the national road No. 29 with Podgórna street and Nadodrzańska street,
- reconstruction of the intersection of the national road No. 29 with Murna street and Słoneczna street,
- providing the retaining walls at the access points to the bridge structure,
- sectional revetments for the Odra River slopes,
- construction/reconstruction of sidewalk and pedestrian walkways,
- reconstruction of individual exits,
- making the safety elements of road and pedestrian traffic,
- redevelopment of the existing LV power network,
- redevelopment of the existing MV power network,
- reconstruction of the existing road lighting,
- reconstruction of the existing telecommunication network,
- reconstruction of the existing water supply pipeline, including the trunk water main,
- adjustment of the road drainage, including reconstruction of the existing gravity pipeline,
- reconstruction of the sanitary pressure sewer system,
- reconstruction of the gas main,
- carrying out all the tests and acceptance procedures and obtaining the permits,

The detailed description of the requirements for works for the said procurement subject is provided in the Construction Designs and Specifications, plus in the Description of the requirements for works.
