NOTICE TO SKIPPERS No. 23/2022

Re: Navigation obstacle at km 255+200 of the Oder River

Pursuant to Art. 14 sec. 1(4) of the Act of 20 July 2017 – Water Law (Dz. U. /Journal of Laws/ of 2021, item 2233) and Art. 43 sec. 6 of the Act of 21 December 2000 on Inland Navigation (Dz. U. /Journal Of Laws/ of 2020, item 1863).

Following the notification of the Office of Inland Navigation in Wrocław, PGW WP Regional Water Management Authority in Wrocław, informs that at km 255 + 200 on the right bank of the Oder River (between the entrance to the city port and the headland separating the Oder River and the Old Oder River), there is an obstacle in the form of a partially submerged floating device - a pontoon. Some part of the object is visible above the surface of the water, and four yellow buoys have been placed to mark the part of the object that is below the surface of the water.

The crews of all vessels passing through that section are requested to exercise extreme caution and follow the displayed markings.

Information on the removal of the obstacle will be provided in a separate Notice to skippers.

Current information on the hydrological and navigational situation on the Oder River (navigation information) is available on the website of the "Polish Waters" State Water Holding – Regional Water Management Board in Wrocław, in the tab [CLIENT'S AREA – Hydrological and navigational situation](#). For more information, please contact the Operations Centre of "Polish Waters" State Water Holding – Regional Water Management Board in Wrocław on weekdays from 8:00 a.m. to 4:00 p.m. at tel. 71 32 80 587.
